Organization info

[About Us](#)

Founded 2009.

Mission: building upon corporate and scientific partnerships, WeForest empowers communities to sustainably advance and implement innovative, high-standard, scalable and lasting solutions to restore forest landscapes.

Programs: a Belgium-based non-profit organization, WF works with communities and local partners to develop scalable Forest Landscape Restoration projects mostly in tropical regions to sustain nature's diversity, benefit our climate, and support human well-being. Since 2009 we have grown very fast: after having restored 55 000 acres, we recently developed a project capacity to reach 210 000 acres (100 million trees) by 2024.
